

We are a family of lampwork artists who have perfected the art of working ash into glass. Each glass bead we form becomes a unique, creative piece that can be held, worn or displayed. Holding a bead made of a loved-one's ashes brings great comfort to the heart.

Each of our beads is approximately 1 by 1 1/2 inches. All findings are sterling silver. We also offer sterling silver chains and stands for display.

Just one teaspoon of ash makes several beads. Place one teaspoon of ash in a zip-lock bag and send it with your order. Please include any special instructions regarding color and design.

We will do everything we can to honor your wishes and the ashes you send will be treated with care throughout the bead-making process. All remaining ash will be respectfully returned to you.

Please send ashes and check to :

Ashes to Glass

P.O. Box 1339

Santa Cruz, CA 95061

Feel free to call with any questions or concerns. Funeral homes will be invoiced.
